

Enrollment

EnrollmentGreat Plains IDEA students register for courses through our OSU Great Plains IDEA Coordinator. Course enrollment may be limited so enroll early. All students who have been accepted into OSU Great Plains IDEA programs should fax enrollment forms no later than one month prior to the start of the next semester. (Fax on or before December 9th for the spring semester, May 9th for summer semester and July 22 for fall semester).

If you wish to drop a course, you must follow the official dates listed below under “Special Dates to Remember.” All students must use the drop form found in the link above under “Drop Form.”

If you are a Special Student, enrollment will depend on available space in the course you wish to enroll in. Students accepted into a program have enrollment priority over special students.

Course materials information will be sent to you by the coordinator unless otherwise determined by the teaching institution. It is the responsibility of the student to obtain books on time and maintain communications between the teaching institution and the OSU Coordinator. Spring 2010 Enrollment Forms:

- Dietetics Program
- Family Financial Planning Program
- Gerontology Program
- Merchandising Program
