NSCI Alumni We maintain a list of alumni from 1925 to the present. We encourage all alumni and friends to contact us through e-mail at nutsci@okstate.edu. We would like to receive information such as degree completed and year, your current address and status of employment or current title and where employed. Please share your good news and accomplishments with us!

Our alumni and friends are some of our greatest assets—as advocates, preceptors, mentors, donors, and employers of our graduates. You may participate on advisory boards or through CHES Associates and the CHES Alumni Board. You can be our eyes and ears in the community. Tell us how we are doing and spread the good word about the work that we are doing.

Phone: 405-755-5040

Fax: 405-744-1357

or write us at:

Oklahoma State University

Nutritional Sciences Department

301 Human Environmental Sciences

Stillwater, OK 74078-6141

Oklahoma Reception at ADA FNCE Sunday, October 18, 2009

5:30-7:30 p.m.

Sheraton Denver Downtown Hotel

1559 Court Place

Denver, CO 80202

Visit oknutrition.org for a map and directions.

Mentoring Opportunities Our students are required to take NSCI 3440 NSCI Pre-professional Experience in their junior to senior year. Students in dietetics, allied health (PA, PT, OT, dental hygiene, radiology technology, etc), and nutrition and exercise need professionals to job-shadow. They are instructed on confidentiality and professionalism and covered by liability insurance. If you are willing to let students follow you through your work day, please contact the instructor, Carol Beier, at carol.beier@okstate.edu.
